

# Don't go On-Site without one...

Argus-Hazco's **Preventative Maintenance Service Agreement** is the best way to keep your monitoring instruments operational, safe and compliant. Take the worry out of unexpected repairs.

Your equipment will be serviced by our factory trained technicians that really know their stuff.

Featuring...

*"This program is a Must-Have for anyone using gas detection equipment in the field"*

\*Conditions apply - see backside of this document for complete details.

## It's easy and affordable.

**It's easy** because you can add the Agreement when you initially purchase your instrument or right now for your existing\* instruments.

**It's affordable** because the program includes everything — unlimited calibrations, sensors, filters and repairs (including replacement parts\*) for the term of the agreement.

## Awesome Benefits.

Our comprehensive Preventative Maintenance Service Agreement offers you many benefits:

- **Set Budget for repair/service expenses — no shocks**
- **Your equipment is always up and available in the field with half-off on replacement rentals.**
- **Potentially reduces the number of instruments needed to do the job — meaning lower equipment costs**
- **Reduced liability risks with up-to-date certifications**
- **Includes replacement sensors, filters, and unlimited calibrations for standard LEL/O2/CO/H2S monitors\***
- **Save Calibration Gas, equipment costs and hassle**

## Example of Typical Annual Savings

**\$665.00** Cost Based on 4 Calibrations + 2 Sensors and Labor

**-\$399.00** Annual Contract

**\$266.00** Average Annual Savings per Instrument

An exceptional value with **40% Savings** and this example does not include any unexpected repairs that may occur during the year.

Actual savings may vary based on equipment type.

### Terms & Conditions

This agreement includes all repair labor, calibration labor, and parts (except mother boards or pumps) for one-year from invoice date, however this agreement does not cover parts lost or damaged due to misuse. Unless new, all instruments are subject to an inspection or billable repair by Argus-Hazco prior to commencement of this agreement. Contact us for more information.

**New Instruments** - Up to 90 days from purchase date - \$299.00  
**Contracts are valid** 1 or 2 years (depending on warranty) from date of purchase.

**Freight cost** to and from is not included. Standard rates apply.

**Standard Configuration - Agreements are ONLY for LEL, O2, CO and H2S configurations.**

**Call for Special Pricing if your configuration differs.**

### Protect Your investment... QualityGuard™ Calibration Contract

The TSI Calibration Contract expands on the warranty coverage benefit by providing annual factory calibration. TSI Calibration Contracts are available in one-year, two-year, and three-year terms.

#### PortaCount Fit Testers

Model(s)	1 Year	2 Year	3 Year
